

Marion Wilson

Senior Architect
Practice Manager
Interior Design Director

Professional Qualifications

- Bachelor of Architecture 1987
- Fellow, Royal Australian Institute of Architects

Professional Experience

As practice manager, Marion also takes responsibility for interior design and commercial fitout projects. With an architectural and interior design background, Marion's design work blurs the boundaries between internal and external spaces and emphasises contemporary visions of pragmatic space planning, appropriate materials and finishes and addresses issues of climatic and contextual responses to user requirements

Professional Positions Held

Examiner for Architectural Practice Exams
Guest Interior Design lecturer at Queensland University of Technology
